Community Update

Term 3, Week 7

Curriculum Day

Next Friday, the 3rd of September, HVS teachers will participate in a whole school curriculum day. The focus for the Curriculum Day will be Protective Intervention Training. **There will be no onsite or remote learning for students.**

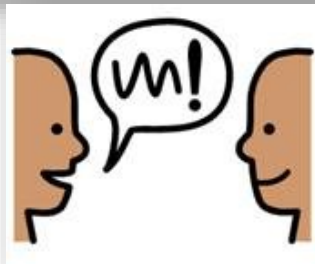

Speech Week

This week is *Speech-Language Pathology Week*. This year, the theme is **Communication is everyone's right**.

Communication is a basic human right, and the COVID-19 Pandemic has highlighted the challenges faced by people living with a communication disability. Did you know?

- 1.2 million Australians live with a communication disability.

- Communication disabilities are largely invisible. Unseen and out-of-sight.
 - More confident communication helps maximise educational, health, and social outcomes.
 - Communication is more than just speech!
- Speechies can help people who are having trouble with speech, language, stuttering, social skills, literacy, voice, swallowing and feeding.

Cyber Safety

Hume Valley School is planning to hold a parent information session in Term 4

The Cyber Safety Parent Information session will cover:

- What young people SEE, SAY and DO online
- The challenges they may face
- How to report and get help if things go wrong

The presentation will be delivered by a local law enforcement member and an industry volunteer. A survey has been sent out to all parents of students in Secondaries, Seniors, Pre-Cal and VCAL.

If you could please fill out the survey ASAP, this would be greatly appreciated. It should take less than 2 minutes and will allow us to gauge numbers for an information session to be held and food to be catered for. The link to the survey is as follows: <https://forms.gle/SZ7Gzuicj8XS7LhQ8>

School Contact: Please contact the school if you require any additional information either by phone
