

# Clothing Vocabulary- Laundry Game

Hume Valley School Speech Language Pathology Department

Play this game while putting dirty laundry in the washing machine or putting clean clothes away.

It might look like this: <https://www.youtube.com/watch?v=uk0y13FTGw>

## WORDS TO USE:

**Verbs:** pick up, choose, find.

**Nouns:** shirt, pants, shorts, skirt, dress, jumper, underwear, socks, shoes.

**Adjectives:** colours, long, short, dirty, clean, spots, stripes.

**Concepts:** position.

## HOW TO PLAY:

- You should have the first turn to show your child how to play.
- Use the pictures on the next page during this activity.
- Tell your child to choose an item of clothing. Say something like “choose an item of clothing from the pile” and point to the *choose* picture.
- If your child understands, ask them to find a specific item of clothing. Say something like “find the pants” and point to the *pants* picture.
- Talk about the type of clothing and its features e.g. a red shirt, a long skirt, dirty socks, stripy underwear.
- Tell your child where to put the clothing e.g. in the washing machine, in the drawer, on the shelf, next to the dress.
- Do this 5 times, then give your child a turn. Say “your turn” and point to the *your turn* picture.

## USE SENTENCES LIKE THESE:

- “Choose an item of clothing”
- “Find the pants”
- “You found the red pants”
- “Are these pants clean or dirty?”
- “Let’s put the pants away. Put the pants in the drawer”
- “What colour are these socks?”
- “This shirt is dirty. Let’s put it in the washing machine to be cleaned”
- “You wear socks on your feet”

## MAKE IT SILLY:

- If your child understands, make it silly. Say something like “You wear socks on your *hands*”.
- Then say something like “No you don’t. Where do you really wear socks? On your *feet*!”
